March 2010

Dear Babe Ruth Families,

If you're new to Westchester Babe Ruth Baseball, I'd like to welcome you to a top-flight, all-volunteer community baseball program. We are proud to offer one of the best recreational/competitive baseball programs in the city. As you might have noticed, we have a gorgeous main diamond and a Junior College level batting cage area. All the tools are here to enable your son a shot at the next level.

Our all-volunteer Board members are very special people who enjoy the sometimes back breaking work they perform at the field. We are responsible for all the field materials and facility maintenance, all the equipment to maintain the field, all the baseball equipment, insurance, charter fees and umpire fees. Any planned upgrades are carefully planned and dependant on cash flow. We maintain the facility from the front entrance gate to the left field foul pole. Unfortunately, the league only cover a fraction of the costs to run the program.

Since our sons are bombarded with fundraising requirements for almost every activity they are in, we at Westchester Babe Ruth Baseball do not impose fundraising obligations on the players or families. We simply ask that if you're a business owner or an entrepreneur, please consider becoming a sponsor. If you cannot be a sponsor, please feel free to forward the fundraising information to whomever you think may be interested. Sponsorships do not have to be from businesses alone. Family sponsorships are also welcomed. Enclosed you will find a Sponsorship Form outlining a variety of levels of commitment. Any level of participation is greatly appreciated.

Finally, contributions need not be in the form of money. If you have equipment or tools you'd like to donate that we could use to maintain or improve the facility, that's great too. We will also never decline an offer to help perform the maintenance or improvements.

Simply stated, it takes all of us to succeed, if we are to continue to providing this wonderful facility and baseball program for the young athletes in our community.

Gratefully Yours,  
Chris J. Lynch – President, Director of Baseball Operations  
Westchester Babe Ruth Baseball
