

PLEASE SLOW DOWN ENTERING AND EXITING IVAN MILLER FIELD

Westchester Babe Ruth Membership:

The residents who live on Gulana Ave north of 83rd have kindly requested that drivers slow down both entering and exiting the Gas Company field. For that short stretch (83rd to the field entrance), I believe a speed of no more than 15 mph is appropriate and reasonable. The use of Ivan Miller Field is a privilege predicated on our seamless and respectful presence within the immediate neighborhood. Please join me to ensure we retain use of this facility by addressing this concern immediately. Also, please comply with the posted speed signs of 5 mph inside the facility.

*Thanks,
Chris*
