

March 14, 2020

Dear Westchester Babe Ruth Families,

We hope this email finds you and your families safe and well. As we stated on Thursday, we have continued to monitor the status of the ongoing situation in regard to COVID-19. Although there has not been a mandatory call from Babe Ruth National to suspend play, it has been recommended and therefore we are opting to temporarily suspend the season at least one more week.

Even though we feel baseball is one of the cleanest and safest sports in terms of spreading germs and player on player contact, we want to take this time to let families navigate through the current chaos and keep baseball off everyone's agendas for at least another week.

We will continue to monitor the situation and provide regular updates to you all. We are hoping to resume regular baseball activities on 3/26 and will begin to draft a revised schedule for the league games as well as the snack stand/booth/field duties.

Again, our goal is to be able to provide a positive environment for all of the families involved and invested in our league. We will still be around, so if at any point your son needs a place to break away to, our gate is almost always open (we have hand sanitizer ☺). Please continue to stay safe, support one another, and know that the Westchester Babe Ruth family is here for you. May God bless you and your loved ones as we work through this challenging time together.

Sincerely,  
Westchester Babe Ruth Executive Board
